

First Name: _____ **Last Name:** _____

Email: _____ **Phone Number:** _____ • _____ • _____

NOTE: The following list of questions are not intended to eliminate adoptive individuals. Rather, we want to ensure a good match and offer best support. We have successfully placed pups in Studio Apartments in Downtown Toronto. Temperament and environment interact to create the perfect fit for our adoptive families.

- 1. Please tell us a bit about what type of dwelling do you live in (Apartment, Single detached, Semi...) and describe your yard. If small/none, please describe how you will exercise your dog.**

- 2. Are there any other dogs in your household? If yes, are they up to date on vaccinations?**

- 3. Do you plan to breed this dog? If yes, please tell us about your breeding program, how long you have been breeding etc.** *(All of our puppies, as listed and priced, are sold as pet only. Breeding rights are available only with rare exceptions, following an interview, and at an additional cost for breeding rights).*

- 4. List the name or microchip number of the puppy, as well as the name of mother of puppy you are interested in:**

- 5. Share your knowledge/experience with Miniature American Shepherds, Aussies, or other highly intelligent breeds, and anything else you would like us to know.** *(Note: We offer a pamphlet guiding you in training our pups and offer lifetime support. We have successfully placed our pups with first time dog owners).*

(NOTE: Please fill in and return as PDF or image to: whistlingridge@whistlingridge.ca)
